Dear Families,

I hope everyone had a relaxing long weekend. We certainly have been very busy so I am sure the extra day was appreciated.

We had a great day at the John O’Neill Sports on Friday. The students participated in track events, captain ball, tunnel ball, novelty races, marching, war cries and the tug o war. We haven’t been informed of the overall results yet but it was a great experience and preparation for our small schools carnival at Scotts Head. Thank you to Arthur Bain from Millbank for organising the day.

**MEDLOW ATHLETICS FIELD EVENTS**

This Wednesday afternoon from 1.15pm, we will be holding our field events at school. This includes high jump, long jump, discus and shot put.

**COME TO SCHOOL WARMLY DRESSED MUFTI DAY**

On Thursday 17th June there will be no electricity again. I would like to make this a Mufti Day where students (and Teachers) come to school dressed in their warmest clothes. We won’t have any heaters so I would suggest lots of layers.

**TELESCOPES AND BINOCULARS**

Mr Simpson has asked if anyone has binoculars or telescopes that they would lend the school for our Camp out night could they please let us know?

Medlow Public School is a proud member of the Valley 10 Community of Public Schools.
**ASSEMBLY**

We held an Assembly on Thursday afternoon using our new interactive TV. Nick gave a power point presentation on the Lake Keepit Leadership Camp. Wren, Willow and Alani gave a power point presentation on the visit to the library and the vets. I am really proud of all the effort that has gone into getting the TV installed and working. Watching the students and leaders using the technology was really inspiring and great achievement for Medlow.

The following students received awards at the Assembly:

- Bree - learning to count with dollars and cents
- Lauren - working with Bree with dollars and cents
- Tiahn - clever keyboarding
- Jamie - learning the 16 beat drum sequence
- Willow - harmony singing
- Amelai - fabulous design of a racing car track
- Lauren and Amelia – GRIP Leadership
- Lauren, Amelia, Jamie, Nick and Lehman – Future Leaders Camp

**MOUNTAIN BIKES**

We have 6 beautiful bikes that are ready to ride. Chris from the bike shop in Macksville will visit soon and take us through a maintenance schedule. Well done to those students who have brought in a helmet - you will be able to ride the bikes at recess and lunchtime.
Medlow Public School is a proud member of the Valley 10 Community of Public Schools.

Regards,

Sarah Landers
